<sup>5</sup> Hepatitis B vaccine

2011-present: Includes students with 3 doses of Hepatitis B vaccine or serologic proof of immunity

<sup>6</sup> Includes students with 2 doses of varicella vaccine or serologic proof of immunity or reliable history of chickenpox

\*Td/Tdap rates from 2008-2010 may be artificially inflated due to the survey design, which led to the possibility of students being double counted for both Td and Tdap.
